

# C-One GENUS

EXTRA LOW COST

SEMIAUTOMATIC

EASY TO USE

Genus is the “gist”  
of a pallet wrapper,  
the naked version  
of our machines.

Genus was designed with no indulgence to aesthetics, taking a top-class pallet wrapper and undressing it of all unnecessary parts.

The result is still great performance with a better price.

Its look reveals the “rack and pinion” system to move the carriage, a real exclusivity of C-One machines for a great safety and toughness.

Genus, like a strong naked bike, has everything is needed to work strongly and for long times. Maybe it is ugly but even ugly machines can be good workers!

## Technical Data

- ↕ Height: 2689 mm.
- ↔ Width: 1650 mm.
- ↗ Length: 2449 mm.
- ↑ Turntable height from ground level: 87 mm.
- 📦 Weight: 300 kg.
- 🔌 Power Supply: 230Vac 50Hz
- ⚡ Power absorption: 0,5 kw

## Product Specifications

## Main Options

- Electronic board for cycle management
  - Frequency controller for rotation motor
  - Loading plate  $\varnothing$ .1650 mm
  - Maximum height of pallet: 2300 mm
  - Maximum size of the pallet 1000x1200 mm
  - Maximum loading weight 1200 kg
  - Electromagnetic brake for the film stretching
  - Photocell to detect the height of the pallet
  - Security stop at the base of the carriage
  - Stop in phase
  - Power board IP54
  - Adjustable parameters by the control panel: cycle selection, bottom turns, top turns, rotation speed, film tension
  - 3 Working cycles: ascent/descent; topsheet; only ascent
  - 2 Working ways: semimanual, semiautomatic.
  - Strenghtening operation
  - Acoustic warning at the cycle beginning and stop
  - Powder coating
  - Still turntable at the end of the cycle
  - 2 Years warranty
- Ramp
  - Pit frame
  - Black loads photocell
